

Truth and Soul[®] is a breath of fresh air.

After the smoke clears, it's one of the few things left that's honest. Skinny, tight sweaters you can tuck in your pants. And suede vests out of the glory

days of the Iroquois, the Mohicans and the Shawnee.

It's color. It's cool. It's stripes. It's tweeds. It's suedes. It's micro mini-ribs. It's a revolution

in fashion. And we created it for effete snobs everywhere.

Truth and Soul. It's love in a far out line of threads.
